We may use and disclose your medical records only for each of the following purposes: treatment, payment, and health care operations.

- Treatment means providing, coordinating, or managing health care and related services by one or more health care providers. An example of this would include teeth cleaning services.
- Payment means such activities as obtaining reimbursement for services, confirming coverage, billing or collection activities, and utilization review. An example of this would be sending a bill for your visit to your insurance company for payment.
- Health care operations include the business aspects of running our practice, such as conducting quality assessment and improvement activities, auditing functions, cost-management analysis and customer service. An example would be an internal quality assessment review.
- We may also create and distribute de-identified health information by removing all references to individually identifiable information.
- We may contact you to provide appointment reminders or information about treatment alternatives or other health-related benefits and services that may be of interest to you.
